Dear Terry;

On behalf of Maple Reinders Constructors, I would like to take a moment to express my appreciation for all Kraemer Woodcraft's efforts on the Tech Town building in Waterloo.

Right from the start, we knew that the project was going to be demanding, and so we were very particular about the subtrades we included on our construction team. And from start to finish, you and your employees proved that Kraemer Woodcraft was the right choice for the job. Not only were you instrumental in helping us meet a very tight construction schedule, you did so with a true spirit of team work, cooperation and dedication to quality workmanship.

Would you please pass along my appreciation to your staff, in particular Michael and Don Mclean. Not only were they a pleasure to work with, their 'get it done' attitude and attention to detail resulted in a project we can all be very proud of.

Thanks again, Terry. I'm looking forward to the next time we work together.

Sincerely,
MAPLE REINDERS CONSTRUCTORS
